## Advantages.

With the Tool Control System, the tools fit into chemical-resistant safety foam inserts with high-precision, 3-D cutouts

The tool assortment contains 161 parts for different applications and tasks.

The robust oil- and acid-resistant wheels allow flexible use of the workbench at different work locations.

Extra large work surface 1150 x 500 x 30 mm with robust birch wood multiplex (FSC certification).

The three-stage safety concept ensures protection for tools and accessories.

## Product highlights.

### Perfect equipment.

Of course, our workbench is also available with matching tool sets. However, in case of individual requirements, we are also happy to assemble bespoke sets for our customers. Just get in touch.

### Well thought out, sturdy design.

High-quality materials ensure the durability that is typical of STAHLWILLE, such as the sturdy housing and drawers with their industrial powder coating. The oil- and acid-resistant lightweight wheels (Ø 125 mm) are equipped with guards to protect the bearings from dirt and fibres, with two locking brakes.

### Maximum storage space.

Everything in XXL. Seven removable drawers with full extension runners and a width of 880 mm offer plenty of storage space. For example, a 3/3 (XL) TCS insert fits in a drawer together with a 2/3 (L) TCS insert.

### Ergonomic height.

The working height of 104 cm and the particularly large, FSC-certified worktop makes work more comfortable.
