

## Two arm pullers

11055

Art.No. 71190013  
GTIN 4018754173112  
Model 11055N-3 STANDARDABZIEHER,  
2-ARMIG, MIT ZWINGE

**Label.** Two arm pullers Clamping w.30-150mm x Clamping d.150mm

- Features.**
- **two-armed**, with swivelling extractor hooks and lateral clamp clip, zinc plated
  - when the clamp clip is tightened, the claws of the extractor hooks locate under the part to be extracted and lever it free as force is applied before extraction begins
  - for extracting gearwheels, ball bearings, pulleys, drop arms and similar parts from shafts or axles
  - the clamp clip presses the extractor hooks firmly against the part being extracted

## Advantages.

Two-armed, with swivel hooks and lateral tension pins, galvanised

## Product highlights.

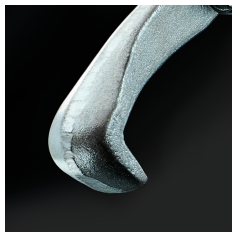

### For improved safety.

Designed with practical applications in mind, drop forged, precision machined on the latest machine tools, hardened and tempered: the STAHLWILLE puller range offers numerous products for a wide variety of applications. For example, standard pullers, cell terminal pullers, ejectors, counter stays, ball joint pullers and wheel hub pullers. Made, of course, in Germany as premium quality tools.

### 2vs3 - Two- or three-legged pullers?

A three-legged puller is generally preferable to a two-legged one provided there is sufficient space because it distributes the pulling forces more evenly.

**Resilient.**

Heavy-duty extractor hooks made of oilhardened chrome vanadium steel with special-purpose access geometry for use in tight spaces. Radii adapted for shafts and axles.

**Technical Attributes.**

Size	3
Number of hooks	2
max. load	8,0 t
max. torque	150 N·m
Clamping depth (h) mm	150 mm
Clamping width mm (w)	30-150 mm

**Logistics data.**

Volume (packed, dm <sup>3</sup> )	0 dm <sup>3</sup>
Art. no.	71190013
GTIN	4018754173112
Country of origin	GERMANY
Region of origin	Nordrhein-Westfalen
WEEE/ElektroG	nicht ear-pflichtig
Customs tariff no.	82055980
Packing standard	1
Weight	2907 g
