

Combination ratcheting spanner set OPEN RATCH, metric

17F/5

Art.No. 96401705
GTIN 4018754325979
Model OPEN RATCH 17F/5

Label.

Combination ratcheting spanner set OPEN RATCH 17F/5 8 - 19 5 pcs.

Features.

- **metric** spanner widths
- flat design
- mouth position 15°
- ring **with double hexagon**
- integrated ratchet with 72 teeth, working angle 5°
- change of direction by turning the spanner
- reinforced connection between jaw and shaft
- stable, slim and lightweight construction
- high flexural strength due to double T-profile
- grip, pleasant feel thanks to the STAHLWILLE round finish
- Die-forged, hardened and cooled in an oil bath
- Chrome Alloy Steel, chrome-plated
- in robust roll-up pouch with Velcro fastener made of polyester
- mesh inserts allow the inserted tool to be seen
- secure protection of the tool with minimum space requirements
- embroidered STAHLWILLE logo

Advantages.

STAHLWILLE combination ratcheting spanner set in sturdy roll-up pouch, 5 pcs.-piece, 8-19 mm, angled ring side with double hex, chrome alloy steel, chrome-plated, 96401705.

The flat design facilitates working in tight spaces.

Strong Chrome-Alloy-Steel gives the combination spanner high durability and wear resistance.

The integrated 72-sprocket ratchet provides a working angle of only 5° – facilitating efficient working even in confined spaces.

Distinctive STAHLWILLE round finish gives the ratchet combination spanners a non-slip and pleasant feel for safe working, even with oil-smearred hands

Product highlights.

Non-slip surface.

The STAHLWILLE spanners have a high-quality surface structure with a good grip, which even allows you to work safely and securely with oily hands. The non-slip property increases handling control.

Excellent workmanship.

The spanner is made from high-quality forged chrome alloy steel, giving it outstanding robustness and durability, even in continuous and prolonged use. It also has a corrosion-resistant chrome-plated finish.

Non-slip surface.

The STAHLWILLE spanners have a high-quality surface structure with a good grip, which even allows you to work safely and securely with oily hands. The non-slip property increases handling control.
